

## SLIDE & RIDE

### *Instructions for the proper use of your bus pass:*

- ◆ Before you board the bus, have your bus pass in hand.
- ◆ Hold the pass with the black stripe facing you and the front of the pass facing the driver.
- ◆ Quickly swipe your pass through the top of the farebox from right to left (towards the driver). You may also refer to the diagram on the top of the farebox.
- ◆ You will hear a beeping sound from the farebox letting you and the driver know that the pass is valid.
- ◆ If the farebox does not beep, that means your pass is no longer valid or expired and you will be responsible for the exact fare.
- ◆ 12 Ride Passes and Change Cards **do not register** with the swipe unit. The cards must be inserted in order to properly deduct your trips.
