

#	Question/Issue	CamTran Response
1	Do all garments provided by uniform company need to be brand new at the time of installation?	Yes. CamTran will require that any vendor provide new garments.
2	Do garments need to be in each CamTran location by November 1, 2018?	CamTran may allow a mutually agreed upon timeframe.
3	Our company would like to request an in-person meeting to discuss the updated terms and conditions requested by CamTran in the revised IFB.	All questions were required to be submitted to CamTran by 3 p.m. on Thursday, September 6, 2018. As all questions and answers are shared with all of those vendors on the bidder's listing, it would be inappropriate for CamTran to meet with any one bidder.
