

#	Question/Issue	CamTran Comments
1	<p>CamTran Note: The original due date for proposals was Friday, October 19, 2018. On October 18, 2018 via Addendum #1, this due date was revised to November 2, 2018.</p>	<p>Submitted technical questions are still being researched in order to provide responses. As a result of the time frame required to obtain responses to these technical questions, CamTran is once again changing the due date to Friday, November 16, 2018. As a result of the timeline in obtaining answers to these recently submitted technical questions, this project work may end up not being scheduled until the spring of 2019. This project is weather dependent and cannot be performed once we experience snow and ice.</p>
