Background

CamTran is the primary public transportation provider for the Cambria County, PA region with office locations in Ebensburg and Johnstown, PA (3). Currently, CamTran provides fixed route transit service within Johnstown, PA, Cambria County and Windber, PA, Somerset County, a service area that accounts for 1.2 million passenger rides yearly. In addition to traditional fixed-route service, CamTran provides American with Disabilities Act (ADA) paratransit service and shared ride (Reserve-A-Ride) services. CamTran is a municipal authority and is governed by the Municipal Authorities Act of 1945. CamTran is governed by a nine member Board of Directors. Members are appointed by the Board of Commissioners of Cambria County. CamTran employs 146 employees in a variety of operating and administrative positions. CamTran operates a fleet of 64 revenue vehicles. CamTran is funded through a variety of programs at the Federal, State and local level. CamTran follows all applicable third party procurement policies in accordance with the Federal Transit Administration (FTA) Circular 4220.1F. In addition to providing the public transportation described above, CamTran also operates the Historic Johnstown Inclined Plane. The Johnstown Inclined Plane is an 896.5-foot (273.3 m) funicular in Johnstown, Cambria County, Pennsylvania. The incline and its two stations connect the city of Johnstown, situated in a valley at the confluence of the Stonycreek and the Little Conemaugh Rivers, to the borough of Westmont on Yoder Hill. The Johnstown Inclined Plane is billed as the "world's steepest vehicular inclined plane", as it is capable of carrying automobiles, in addition to passengers, up or down a slope with a grade of 70.9 percent. The travel time from one station to the other is 90 seconds. After a catastrophic flood in 1889, the Johnstown Inclined Plane was completed in 1891 to serve as an escape route for future floods, as well as a convenient mode of transportation for the residents of the new communities situated above the valley.

Section I: Project Description:

CamTran is requesting proposals to provide maintenance and repairs to the Johnstown Inclined Plane Car Suspension Systems located at 722 Edgehill Drive, Johnstown, PA 15905.

Any questions or clarifications on the scope of work to be performed will be covered at the optional pre-bid meeting which will be held at **1:30 PM., Thursday, August 23, 2018** at the 711 Edgehill Drive, Johnstown, PA 15905 address. Again, attendance at this pre-bid meeting is optional but recommended.

Any required permits will be the responsibility of the outside contractor awarded the project to obtain and pay for, so consider this factor in your total bid proposal amount.

Scope of Work (SOW):

The purpose of this project is to provide maintenance and repairs to the Johnstown Inclined Plane Car Suspension Systems.

1. Jack the cars back towards the gage side of the rail, and if possible, U-shaped bronze washers should be added between the edge of the journal bushing end and the steps in the shafts to provide a sacrificial wear element. This work would all be done at the lower end of the incline and temporary jacking devices would be ground mounted.
2. Build up worn portions of the undercarriage gusset plates adjacent to the journal boxes with weld metal and grind smooth. Replace the guide angles at the downhill journal boxes with new bronze guide angles and add new bronze guide angles at the uphill journal boxes. Investigate the suitability of the lubricating oil currently used in the journal boxes and consider using new oil with “extreme pressure” and molybdenum disulfide additives.
3. Add additional structural steel bracing to the car undercarriages to strengthen them and to add torsional rigidity.
4. Determine the imbalance of the cars. This can be done by calculations based on shop drawings or by jacking them at all four corners with calibrated jacks. Then add counterbalance material (e.g. spare rail or steel members) to ensure there will be no tendency for the car to shift transversely with respect to the rails. This should be done in conjunction with the preceding three items.

Primary contact for this project will be Don Gibson, Director of Facilities, Safety, Security & Risk Management at 814-535-5526 ext. 214 or cell phone 814-475-5368 or by e-mail at dgibson@camtranbus.com.

Section V - Bonding Requirements:

Bonding - Contractors submitting proposals will be required to furnish and deliver, at its sole expense, the following bond(s):

Bid Bond: The primary purpose of a Bid Bond is to ensure CamTran that the low-bidding contractor will enter into a contract for the price quoted in its bid. This keeps the contractor from increasing the bid on the project after entering into a contract with CamTran. A Bid Bond is also a guarantee that the contractor has the capability to take on and implement the project once selected. Each contractor will supply a Bid Bond with a minimum of 5% of the contractors bid price. The bid bond shall be provided to CamTran with the contractor's proposal to the bid. CamTran will return the bid bond to the winning company in return for submitting the performance and payment bonds. Bid bonds to those firms not being awarded the contract will be returned upon the winning proposal being finalized.

Performance Bond: The primary purpose of the Performance Bond is to guarantee against the failure of the contractor to meet obligations specified in the contract. The Performance Bond must be acceptable to CamTran, in an amount equal to 100% of the bid price. A Performance Bond is a surety bond which guarantees faithful performance of the terms of a written contract.

All bonds shall be signed by an approved surety (or sureties) that (i) is (are) registered with the Pennsylvania State Insurance Commissioner's Office and (ii) is (are) licensed to do business in the State, and (iii) has an A.M. Best Co., "Best Rating" of B+ or better. The Performance Bond will be due to CamTran within ten (10) calendar days of the award.

Payment Bond: The payment bond is obtained to ensure that the contractor will pay all people supplying labor and material for the third party contract as required by law. The FTA has determined that a payment bond in the amount of 50% percent of the contract price for this project will be sufficient. The Payment Bond will be due to CamTran within ten (10) calendar days of the award.

FEDERAL THIRD PARTY CONTRACT PROVISIONS

The following clauses are part of this and all contracts.

1. Notice of Federal Requirements

This procurement is subject to a financial assistance contract between the Federal Transit Administration (FTA) and CamTran. The contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed herein, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract. The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, as amended, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any CamTran requests which would cause CamTran to be in violation of the FTA terms and conditions.

2. No Government Obligation to Third Parties

- a. The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Governmental in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- b. The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

3. Civil Rights

- a. Equal Employment Opportunity – The Contractor agrees to comply with all applicable EEO requirements of the U.S. Department of Labor regulations, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor”, 41 CFR, Parts 60 et. seq., which implement Executive Order No. 11246, “EEO”, as amended by Executive Order 11375 Relating to EEO, 42 U.S.C. Section 2000 (e), and any Federal statutes, executive orders, regulations and Federal policies pertaining to construction undertaken as part of this project.

The contractor shall take affirmative actions to ensure that applicants employed, and that employees are treated during their employment, without regard to their race,

religion, color, sex or national origin. Such actions shall include, but not be limited to, the following: “employment, upgrading demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.”

1. Nondiscrimination on the Basis of Sex – The Contractor agrees, to the extent applicable, to comply with Title IX of the Education Amendments of 1972, as amended, 20 U.S.C., Section 1681, 1683, and 1685 through 1687, which prohibit discrimination on the basis of sex and any Federal requirements that may be promulgated.

2. Nondiscrimination on the Basis of Age – The Contractor agrees to comply with the applicable requirements of the Age Discrimination Act of 1975, as amended, 42 U.S.C., Section 6101 through 6107, and implementing regulations, which prohibits discrimination on the basis of age.

b. Disadvantaged Business Enterprise (DBE)

(1) Policy - It is the policy of the Department of Transportation that disadvantaged business enterprises as defined in 49 CFR Part 26, as amended, shall have the maximum opportunity to participate in the performance of contracts financed in whole or part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 26, as amended, apply to this agreement.

(2) DBE Obligation - The supplier or contractor agrees to ensure that disadvantaged business enterprises as defined in 49 CFR Part 26, as amended, have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or part with Federal funds provided under this agreement. In this regard all recipients or contractors shall take necessary and reasonable steps in accordance with 49 CFR Part 26, as amended, to ensure that disadvantaged business enterprises have the maximum opportunity to compete for and perform contracts. Contractors shall not discriminate on the basis of race, creed, color, national origin, age or sex in the award and performance of DOT-assisted contracts.

Where the contractor is found to have failed to exert sufficient reasonable and good faith efforts to involve DBE's in the work provided, CamTran may declare the contractor non-compliant and in breach of contract.

The contractor will keep records and documents for a reasonable time following performance of this contract to indicate compliance with CamTran's DBE Program. These records and documents will be made available at reasonable times and places for inspection by any authorized representative of CamTran and will be submitted to CamTran upon request.

CamTran will provide affirmative assistance as may be reasonable and necessary to assist the prime contractor in implementing their program for

DBE participation.

- (3) DBE Non-Discrimination - The Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract or agreement. The Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this contract. Failure by the Contractor or Subcontractor to carry out these requirements is a material breach of the contract or agreement, which may result in the termination of this contract or agreement or such other remedy as CamTran deems appropriate.
- (4) Prompt Payment Clause - The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than fourteen (14) calendar days from the receipt of each payment the prime contractor receives from CamTran. The prime contractor agrees further to return retainage payments to each subcontractor within thirty (30) calendar days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of CamTran. This clause applies to both DBE and non-DBE subcontractors.

If the prime contractor seeks a delay or postponement of payments to its subcontractor(s), in accordance with the above requirement, it must first submit its request in writing to, and receive written approval from, CamTran. The request for delay or postponement must list the reason or reasons for the request in sufficient detail as to permit CamTran to make a determination. The decision to allow a delay or postponement shall rest solely and exclusively with CamTran.

Absent written approval from CamTran for a delay or postponement, and upon receipt by CamTran of written notification from the subcontractor that the requirements for prompt payment have not been met, CamTran may withhold reimbursement from future prime contractor invoices for amounts due to subcontractors for satisfactory work unless and until the prime contractor takes corrective action by paying its subcontractors any past due amounts promptly in accordance with this requirement and also assuring, in writing, that future payments will be so made. Any prime contractor who does not take such corrective action when required to do so will not be permitted to bid on future projects that involve subcontractors unless and until a written assurance of compliance with the prompt payment provisions is provided to CamTran. CamTran reserves the right to determine that a prime contractor who has not met the prompt payment provisions is not a responsible bidder for future contracts.

c. Title VI of the Civil Rights Act of 1964

During the performance of this contract, the Contractor, for itself, its assignees and

successors in interest (hereinafter referred to as the "Contractor"), agrees as follows:

Compliance with Regulations: The Contractor shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (hereinafter "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this contract.

Nondiscrimination: The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, religion, color, sex, age or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

Solicitations for Subcontractors, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurement of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age or national origin.

Information and Reports: The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, account, other sources of information, and its facilities as may be determined by the Recipient or the Federal Transit Administration (FTA) to be pertinent to ascertain compliance with such Regulations, orders and instructions.

Where any information is required or a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to the Recipient, or the Federal Transit Administration, as appropriate, and shall set forth what efforts it has made to obtain the information.

Sanctions for Noncompliance: In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the Recipient shall impose such contract sanctions as it or the Federal Transit Administration may determine to be appropriate, including, but not limited to:

- (1) Withholding of payments to the Contractor under the contract until the Contractor complies, and/or,
- (2) Cancellation, termination or suspension of the contract, in whole or in part.

Incorporation of Provision: The Contractor shall include the provisions of

paragraph (1) through (6) of this section in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Regulations or directives issues pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Recipient or the Federal Transit Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided however, that in the event a Contractor becomes involved in, or is treated with, litigation with a Subcontractor or Supplier as a result of such direction, the Contractor may request the Recipient, and in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

d. Access Requirements for Individuals with Disabilities

CamTran agrees to comply with, and assure that any subrecipient, or third party contractor under the Project complies with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC 12101 et seq. and 49 USC 322; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC 794; Section 16 of the Federal Transit Act, as amended, 49 USC ap. 1612; and the following regulations and any amendments thereto:

- (1) U.S. DOT Regulations, "Transportation Services for Individuals with Disabilities (ADA)," 49 CFR Part 37;
- (2) U.S. DOT Regulations, "Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Assistance," 49 CFR Pat 27;
- (3) U.S. DOT Regulations, "Americans with Disabilities (ADA) Accessibility Specifications for Transportation Vehicles," 49 CFR Part 38;
- (4) Department of Justice (DOJ) Regulations, "Nondiscrimination on the Basis of Disability in State and Local Government Services," 28 CFR Part 36;
- (5) DOJ Regulations, "Nondiscrimination on the Basis of Disability by Public Accommodations and in Commercial Facilities," 28 CFR Part 36;
- (6) General Services Administration regulations, "Construction and Alteration of Public Buildings," "Accommodations for the Physically Handicapped," 41 CFR Part 101-19;
- (7) (EEOC) "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 CFR Part 1630; Equal Employment Opportunity Commission;
- (8) Federal Communications Commission Regulations, "Telecommunications Relay Services and Related Customer Premises Equipment for the Hearing and Speech Disabled," 47 CFR Part 64, Subpart F; and

- (9) FTA Regulations, "Transportation for Elderly and Handicapped Persons," 49 CFR part 609.

4. Commonwealth of Pennsylvania Non-Discrimination Clause - CamTran is a contract recipient of funds from the Commonwealth of Pennsylvania. As a condition for the receipt of the funds, CamTran must certify its compliance with the Non-Discrimination Clause and CamTran must require all subcontractors certify their compliance with the Non-Discrimination Clause.

5. Termination (For contracts of \$10,000 or greater)

a. Termination for Convenience (General Provision): CamTran may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to CamTran to be paid the Contractor. If the Contractor has any property in its possession belonging to CamTran, the Contractor will account for the same, and dispose of it in the manner CamTran directs.

b. Termination for Default (Breach or Cause) (General Provision): If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, CamTran may terminate this contract for default. Termination shall be effected by serving a notice of termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by CamTran that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, CamTran, after setting up a new delivery or performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision): CamTran in its sole discretion may, in the case of a termination for breach or default, allow the Contractor (an appropriately short period of time) in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to CamTran's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor or written notice from CamTran setting forth the nature of said breach or default, CamTran shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude CamTran from also pursuing all available remedies

against Contractor and its sureties for said breach or default.

- d. Waiver of Remedies for any Breach: In the event that CamTran elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by CamTran shall not limit CamTran's remedies for any succeeding breach of that or of any other term, covenant or condition of this Contract.
- e. Termination for Convenience (Professional or Transit Service Contracts): CamTran, by written notice, may terminate this contract, in whole or part, when it is in the Government's interest. If this contract is terminated, CamTran shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.
- f. Termination for Convenience of Default (Cost-Type Contracts): CamTran may terminate this contract, or any portion of it, by serving a notice of termination on the Contractor. The notice shall state whether the termination is for convenience of CamTran or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the Contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from CamTran, or property supplied to the Contractor by CamTran. If the termination is for default, CamTran may fix the fee, if the contract provides for a fee, to be paid the Contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to CamTran and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for convenience of CamTran, the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a notice of termination for default, CamTran determines that the Contractor has an excusable reason for not performing, such as a strike, fire, flood, events which are not the fault of and are beyond the control of the Contractor, CamTran, after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

6. Breaches and Dispute Resolution (Relevant to Contracts in Excess of \$10,000)

All contracts in excess of \$10,000 shall contain provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. CamTran may include provisions for bonding, penalties for late or inadequate performance, retained earnings, liquidated damages or other appropriate measures.

Disputes - Disputes arising in the performance of this contract which are not resolved by agreement of the parties shall be decided in writing by the authorized representative of CamTran. This decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the Board of Directors. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Board of Directors shall be binding upon the Contractor and the Contractor shall abide by the decision.

Performance During Dispute - Unless otherwise directed by CamTran, Contractor shall continue performance under this Contract while matters in dispute are being resolved.

Claims for Damages - Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or any of his employees, agents or others for those acts he is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between CamTran and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within Cambria County in the Commonwealth of Pennsylvania.

Rights and Remedies - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by CamTran or its representative shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

7. Lobbying (For Contracts of \$100,000 or Greater) - Contractors who apply or bid for an award of \$100,000 or more shall file the certification required by 49 CFR Part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act

of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 USC 1352. Such disclosures are forwarded from tier to tier up to CamTran.

8. Interest of Members of Congress - "No member of or delegate to the Congress of the United States shall be admitted to any share or part of this contract or to any benefit arising therefrom."
9. Interest of Public Officials: "No member, officer, or employee of the public body or of a local public body during his tenure or for one year thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."
10. Debarred Bidders - "Neither Contractor nor any officer or controlling interest holder of Contractor is currently, or has been previously, on any debarred bidders list maintained by the U.S. Government."
11. Cargo Preference - Pursuant to 46 CFR Part 381, the following clauses are in effect for any contracts under which equipment, materials or commodities may be transported by ocean vessel in carrying out the contract:

The Contractor agrees:

- a. To utilize privately owned United States flag commercial vessels to ship at least 50% of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials, or commodities pursuant to this section, to the extent such vessels are available at fair and reasonable rates for United States flag commercial vessels.
 - b. To furnish within 20 days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (a) above to the Recipient (through the prime Contractor in the case of Subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, 400 Seventh St. S.W., Washington, D.C. 20590, marked with appropriate identification of the Project.
 - c. To insert the substance of the provisions of this clause in all subcontracts issued pursuant to this contract.
12. Buy America Procurements of \$150,000 or more for Iron, Steel or Manufactured Products and Rolling Stock (Service Type Contracts are Exempt) - Procurements of \$150,000 or more are subject to the Federal Transit Administration (FTA) Buy America Requirements in 49 CFR 661. A Buy America Certificate must be completed and submitted with a bid. A bid which does not include the certificate will be considered non-responsive. A waiver from the Buy America Provision may be sought by CamTran if grounds for a waiver exist. The Contractor agrees to comply with 49 U.S.C. 5323 (j) and 49 CFR Part 661, which provide that Federal Funds may not be obligated unless steel, iron and manufactured products used

in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver.

13. Debarment and Suspension (Integrity Certification - Contracts of \$25,000) - Federal Regulations prohibit CamTran from entering into contracts in excess of \$25,000 for goods and services from contractors that have been suspended or debarred from receiving Federally-assisted contracts. CamTran imposes this same regulation upon contractors to require that their subcontractors (in excess of \$25,000) not be suspended or debarred.

Contractors with contracts in excess of \$25,000 and their subcontractors with contracts in excess of \$25,000 shall each certify that they are not debarred or suspended from receiving federally-assisted contracts. It is the Contractor's responsibility to submit the certifications of any of its subcontractors who meet the \$25,000 threshold. The Contractor and subcontractors shall each submit both of the certificates included in the bid document.

- a. Certification Regarding Debarment, Suspension and Other Responsibility Matters - Lower Tier Covered Transactions (Third Party Contracts over \$25,000).

Instructions for Certification

- (1) By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.
- (2) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, CamTran may pursue available remedies, including suspension and/or debarment.
- (3) The prospective lower tier participant shall provide immediate written notice to CamTran if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (4) The terms "covered transaction," "debarment," "suspended," "ineligible," "lower tier covered transaction," "participant," "persons," "lower tier cover transaction," "principal," "proposal," and "voluntary excluded" as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549 (49 CFR Part 29). You may contact CamTran for assistance in obtaining a copy of those regulations.
- (5) The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized in writing by

CamTran.

- (6) The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (7) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction; unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List issued by U.S. General Service Administration.
- (8) Nothing contained in the foregoing shall be construed to require establishment of system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under Paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to all remedies available to the Federal Government, CamTran may pursue available remedies including suspension and/or debarment.

b. "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions"

- (1) The prospective lower tier participant certifies, by submission of this bid or proposal, that neither it nor its "principals" (or defined at 49 CFR 29.105(p)) is presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal department or agency.
- (2) When the prospective lower tier participant is unable to certify to the statements in this certification, such prospective participant shall attach an explanation to this proposal.
